Gazpromneft Premium GF-5 5W-30 is fully synthetic engine oil formulated to provide engine protection against undesirable deposits, contamination, and viscosity and thermal breakdown under severe service conditions. It delivers exceptional lubrication for modern gasoline and ethanol (up to E85) fuelled engines. Gazpromneft Premium GF-5 5W-30 designed for use in vehicles made by Asian and North American manufacturers.

Applications

- Turbo-charged and direct injection high performance gasoline engines
- Engines running on bio fuel mixtures (for example E85)
- All types of passenger cars, SUV's, vans, and light trucks

Features	Advantages and Potential Benefits
Improved frictional properties	Special additives results in maximum reduction of friction which led to potential lower fuel consumption
Resistance to high temperature thermal breakdown	Reduces varnish, sludge and carbon deposits on engine parts. Improves lubrication because oil-ways stay clean
Excellent low temperature performance	Reduces wear during low temperature start-up and operation
Outstanding protection against wear	Less wear on rings, liners and camshafts, extended bearing life for extended engine life

Meet the requirements:

- API SN (licensed)
- ILSAC GF-5 (licensed)
